EDUCATION

- Maulana Azad National Institute of Technology, Bhopal** 2023 – Present
Bachelor of Technology in Computer Science Engineering CGPA: 7.67
- Delhi Private School, Dubai** 2022 – 2023
CBSE, Senior Secondary Education (12th) Percentage: 86.7%
- South East Asian International School, Bengaluru** 2020 – 2021
ICSE, Secondary Education (10th) Percentage: 97.0%

PERSONAL PROJECTS

- AI Synthetic Identity Studio** 🐙 GitHub Repo | June, 2026
Synthetic identity generation platform using DCGANs and FastAPI
 - **Tech Stack:** Python, PyTorch, DCGAN, FastAPI, JavaScript, HTML/CSS, Git
 - Trained a Deep Convolutional GAN (DCGAN) on 30,000+ CelebA-HQ images to generate realistic synthetic human faces and implemented the complete training pipeline with loss monitoring and model checkpointing.
 - Built a full-stack application that combines AI-generated faces with synthetic demographic profiles, enabling privacy-preserving identity generation through FastAPI-powered REST APIs.
 - Developed an interactive analytics dashboard featuring training evolution visualization, GAN loss graphs, identity history tracking, and CSV/JSON dataset export functionality.
- Acadex Student Management System** 🐙 GitHub Repo | May, 2026
Full-stack student management platform with authentication and analytics
 - **Tech Stack:** React.js, Supabase, PostgreSQL, JavaScript, Bootstrap, Git
 - Designed and developed a full-stack student management system supporting secure authentication and complete CRUD operations for students, attendance, and assignment records.
 - Integrated Supabase PostgreSQL as the backend database and implemented relational data management, real-time data retrieval, filtering, and search functionalities across multiple modules.
 - Built an analytics dashboard to visualize key academic metrics including attendance percentage, assignment completion status, and overall database statistics.

TECHNICAL SKILLS AND INTERESTS

Languages: Python, C++, SQL, JavaScript

Libraries & Tools: PyTorch, Scikit-learn, Pandas, NumPy, Git, Google Colab

Frameworks & Technologies: React.js, Next.js, Node.js, FastAPI, Streamlit, Supabase, HTML, CSS

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Machine Learning

Areas of Interest: Artificial Intelligence, Deep Learning, NLP, Data-driven Systems

CERTIFICATIONS AND PROFESSIONAL DEVELOPMENT

- Deep Learning: Concept to Application with Hands-on Practice** December, 2025
Continuing Education Cell (CEC), NIT Raipur (in collaboration with MANIT Bhopal) Certificate: CEC NIT Raipur
- IBM Machine Learning Professional Certificate** April, 2025
International Business Machines Certificate: coursera.org/verify
- Python 3 Programming Specialization** December, 2024
University Of Michigan Certificate: coursera.org/verify
- English Proficiency** April, 2020
Cambridge English
 - B2 First Certificate in English (FCE) | B1 Preliminary English Test (PET) | A2 Key English Test (KET)

POSITIONS OF RESPONSIBILITY

- AARAMBH Coordinator & Head-Content- IEEE MANIT Student Branch** August, 2024 - Present
 - Served as Social Media Manager for the IEEE Student Branch, overseeing content creation, official communications, documentation, and digital outreach for technical and community events.
 - Led AARAMBH'24 by coordinating volunteer teams, managing outreach initiatives, and facilitating engagement activities for 300+ students across government schools.
